Bricks 4 Kidz Summer Camp for Children

GRADE k-5 (Two Teachers/Class)

July 2018 at QD Academy

4100 Legacy Dr., Plano TX 75024

Bricks 4 Kidz will come to QD for the Summer Camp. Their curriculum is to use the LEGO® bricks to stimulate the children's STEM interest and curiosity while they build the STEM-based models. There are different exciting themes such as space, construction, and amusement park for different weeks during the camp. E.g. Galaxy Far Away from Star Wars is one of the projects in the Space theme. Our goal is for each child to learn while they are building and playing with the bricks and new friends.

You can refer to their website for the program details
